

Willie Dolan Resigns As Police Chief Here

Council Reserves Previous Plan Put Selves Back On Salaries

A complacent city council meeting was disrupted Tuesday night, February 5, upon the tendering by Police Chief Willie Dolan of his resignation effective on February 15.

Councilman Lincoln Mondrik moved that the council accept the resignation and the motion was seconded by Councilman Grady Stidham. Councilmen Charles Brady and Clifford Thompson opposed the resignation, Roy Griffith abstained from voting and Mayor Robert Weems broke the deadlock by accepting Chief Dolan's resignation.

Brady then made the motion that the council adopt a regular promotion ruling for the police department. Under such a motion, Assistant Police Chief William H. (Brandy) Brandenburg would have taken over as chief in Cameron following the effective date of Dolan's resignation. This motion was defeated by the same vote as was the chief's resignation with Thompson going along with Brady, Griffith abstaining and Mondrik, Stidham and Weems voting against such a plan.

The city secretary was then instructed to advertise to locate a new chief, applicants to have their applications examined at the next regular council meeting.

Following the meeting, Chief Dolan said he has made no definite plans for the future. He explained the reason for his resigning as being that while some of the people in Cameron seemed to be for law enforcement, there were others who evidently were against such. Those against it, he explained, are the only ones from whom either himself or members of the council ever receive any criticism concerning police department activities.

Milam Poultry Judges In Show

Milam County's 4-H Club poultry judging team composed of Herman Mueck, Jeannette Richter and Jeannette Fuchs placed third in the poultry judging contest at the Fort Worth Fat Stock Show on Saturday, February 2. They received a banner for their placing.

In addition to picking the five top teams, they also picked the top 15 individuals in the contest and gave them ribbons. Herman Mueck was sixth, Jeannette Richter was eighth and Jeannette Fuchs was 12th high individual in the contest.

There were 63 teams and 189 individuals competing in the contest. It was open to both 4-H and FFA boys and girls from Texas and Oklahoma.

This team will compete in the District 8 4-H elimination contest at Stephenville on April 13.

Herman is the son of Mr. and Mrs. Herman Mueck of Cameron; Jeannette Richter is the daughter of Mr. and Mrs. Johnnie Richter of Cameron, and Jeannette Fuchs is the daughter of Mr. and Mrs. Johnny Fuchs of Buckholts. They were accompanied to the contest by Lester Byrd, assistant county agent.

The Wee Hours

By Your Police Reporter

Strange that all odd incidents seem to occur within Cameron during the early hours of the morning.

Yet, such incidents very often show the willingness of police and fire fighting personnel in the city to answer calls. And so it was that a call was received Monday night well after midnight informing the local fire department of a blaze moving through the city.

The call came from an employee of one of the railroads running through city and told of a boxcar on the freight train then passing through as being aflame. Frank Richter, chief fire truck driver for the department, immediately answered the call to offer assistance of city equipment to fight the blaze on the train which had then been stopped.

Council Changes Mind

In the previous regular meeting of the council, members of that body voted to abolish the \$10 filing fees for city candidates and to abolish their \$25 monthly salaries and to lower the salary of the mayor from \$70 to \$25.

Abolishment of the filing fees and salaries of councilmen and cutting of the mayor's salary was adopted on votes of Brady, Thompson, Griffith and Mondrik. Stidham cast the only dissenting vote.

Tuesday night Mondrik introduced a resolution setting the candidates' filing fees at \$10 and returning councilmen's salaries to \$25 monthly and raising the mayor's salary back to \$70 monthly. He said he was introducing the bill because a number of citizens had expressed the opinion that such salaries would assure the attendance of councilmen at meetings.

The resolution returning the pay schedule of elected city officials

Police Victims To Be Winners

Basketball players with the Buckholts and Cameron High Schools teams suit out for games tonight, February 7, with all proceeds going to aid the current March of Dimes in Milam County. The games will be at the Yoe Gymnasium.

Throughout the current season, members of each of these school's teams have declared themselves the top cagers in Milam County. This unscheduled game set for tonight has been set to determine this fact with all receipts to go to the fight against infantile paralysis.

"A" and "B" squads of both schools will participate in the games. The "A" game will get under way at 8 p.m. with the preliminary game matching the "B" teams of the two schools scheduled for 6:30 p.m.

Principal Dic. Young of the Yoe High School, who Monday announced the scheduling of this game, says admissions for both students and adults will all be 35 cents. Young also praised the students and players of both the Buckholts and Yoe High Schools for their continuous efforts throughout the current MOD drive in raising funds for this cause. No matter which team scores the most points in this match, victims of polio will be the winners.

Rev. Bill Rohlmier To Conduct Revival

Revival services will be held at the Nazarene Church in Cameron during the week of February 10-17 with the Rev. Bill Rohlmier in charge of all services according to an announcement made last Tuesday.

Weekday services will be held at 7:30 p.m. while those on the two Sundays will be held at the regular hours.

THIRD PLACE TEAM in the poultry judging contest at the Southwestern Exposition and Fat Stock Show in Fort Worth was the above Milam County youths, who are shown with Assistant County Agent Lester Byrd. Members of the team are (L-R) Herman Mueck, Jr., of Cameron, Byrd, Jeannette Fuchs of Buckholts and Jeannette Richter of Cameron. This championship poultry judging team will represent the county in the district meet this spring.

to the previous rate was adopted. Voting for Mondrik's motion was Stidham, Griffith and himself. Brady and Thompson voted against the motion.

Widening Highway Dropped

A letter received by the Cameron City Council which was the copy of one from the state highway engineer in Bryan to the Highway Department in Austin revealed the engineer as recommending the \$32,000 item of the highway program within the city be dropped.

This item concerns the widening of U. S. Highway 77 and State Highway 36 within the city limits

of Cameron. However, Mayor Weems explained this dropping was in line with the previous dropping of work on the Milano Highway which is again to be entered in the state program when all arrangements are completed for work to begin.

He further added that right-of-way deeds within the city have already been forwarded to the Texas Highway Department in Austin. All still remaining to be done by the city before actual work by the state can get underway is the removal of utility installations and arrangements by the city of providing curb and gutter along

this route.

Water Needs Locally

Oxshere Smith, a director of the Brazos River Authority, told members of the council he does not believe an application by the city for reserve water behind the authority's dam at Belton could be acted upon at this time.

He explained that with commitments which the BRA now has with the army, irrigation users, industrial users such as the Dow Chemical Company and the City of Temple, the supply is currently too low for further commitments to be made. This is especially so, he added, until present

differences between the authority and the City of Temple can be settled.

However, Smith did say that should the drought cause any distress for Cameron, he would personally take the city's problem before the board.

Later in the meeting, W. D. Bigbee suggested the council contact the Soil Conservation Service and other authorities to examine construction of a flood control dam near the city. He explained that such a project in providing a lake for the immediate vicinity would also create a source of recreation and park facilities for

Cameron. Bigbee is the superintendent of public works for the city.

Miscellaneous Matters

At the suggestion of Mayor Weems, the council voted to publish the city ordinance prohibiting the placing of trash in city culverts and gutters. He says the city is receiving numerous complaints against this action which is being carried out in many sections of the city.

The council upheld the mayor in this recommendation and resolved that punishment as prescribed by the ordinance be carried out for violators.

Mayor Weems also urged action be taken to prevent dogs from running around and through the city during all hours of the day and night. Enforcement of ordinances and laws prohibiting dogs from being turned loose on the streets was ordered to be carried out immediately.

It was pointed out by City Attorney Bill Black that one such ruling requires all dogs to be vaccinated. Owners or caretakers of such vaccinated animals can be fined not more than \$100 for permitting the dogs from leaving the premises without a vaccination tag and the name of the owner.

ESTABLISHED 1860

VOLUME NUMBER 97

CAMERON, MILAM COUNTY, TEXAS, THURSDAY FEBRUARY 7, 1957

NUMBER 45

RESULTS OF SLOW FALLING RAINS in Cameron are shown at the intersection of Jefferson Avenue and Gillis Street last Friday morning following completion of such precipitation for 10 of the previous 12 days. During this entire period only 1.02 inches fell, yet the surface at the intersection of these two streets is covered with mud and drainage ditches along the sides of Jefferson Avenue are filled with standing water. This type of rain has been well received by farmers, ranchers and landowners of Milam County.

4-H Boys And Girls To Show Poultry, Livestock In Houston

The following 4-H Club boys and girls will show their livestock and poultry entries at the Houston Fat Stock Show from February 25 through March 3.

Stanley Joe Glaser of Buckholts, Carroll Wayne Glaser of Buckholts, Rex McClaren of Cameron and Pat McClaren of Cameron will each show a Shorthorn steer. Jay Parmelee of Rockdale will show an Angus steer.

Henrietta Richter of Cameron, Jeannette Richter of Cameron, Johnnie Ray Richter of Cameron and Henry Tomasek, Jr., of Ad Hall have each entered a pen of three fat Duroc barrows.

Lamar Wayne Greesack of Buckholts will show his Jersey dairy heifer that he won in the dairy scramble last year.

There has been a lot of interest in poultry entries this year. Margaret Allen of Rockdale will show a trio of White Rock Capons.

Johnnie Ray Richter of Cameron and Jay Parmelee of Rockdale will each show one hen and one tom in the market turkey division. Eleven 4-H members will each

show a pen of five fryers in the show. They are Arthur Inge, Jr., Pat Wallace, Eugene Glaser, Hal Lester Senkel and Arvell Jungmann, all of Buckholts. Those from Cameron are Henrietta Richter, Mary Ellen Richter, Jeannette Richter, Johnnie Ray Richter, Wayne Moraw and Lanel Moraw.

The beef calves and fat barrows will be shown in the county show before going to Houston.

Sportsmanship Is Boyd's Topic

Sam Boyd, football coach of the Baylor Bears, was guest speaker at the annual football banquet held last Friday night, February 1, in Rockdale.

Subject of Boyd's talk highlighted the sportsmanship code in preventing commercialization in football. Following his talk, Boyd showed and narrated films showing the 13-7 Baylor win over the Tennessee Volunteers in the Cotton Bowl last January 1.

All-District Quarterback Johnny Timmerman and Halfback Robert Crump were named Friday night as captains of the 1957 Tiger football team.

No More Cotton Insurance To Be Accepted On 1957 Crops Here

According to Joe C. Denson, the Federal Crop Insurance Corporation announced today that no more 1957 cotton insurance applications will be accepted this year in Milam, Williamson, Travis and Bell Counties.

Denson, crop insurance agent for Milam County, stated that more than 220 new policies have already been issued and when added to continuous policies carried over from last year, more than 525 farms will be insured for 1957.

Legislation establishing the crop insurance program was enacted by congress to enable farmers to protect with insurance their investment in growing crops. The government operates this insurance program because this type

of protection for farmers is not available elsewhere.

The corporation is not expected to make a profit, neither can a loss in its operations over a period of years be permitted. Premiums paid by farmers are expected to be sufficient to pay loss claims.

Denson stated that in many counties in the drought area, the sale of crop insurance policies has been limited, either in the number accepted or by an early closing date for signing.

He emphasized the point, however, that carry-over policies from 1956 and all new policies which have already been accepted, will be in force this year.

Milam CROP Aid Assists Needy

Collection of \$111 by the youth's drive on Halloween night for Christian Rural Overseas Program funds aid greatly in shipment of supplies to foreign needy persons.

Texas CROP made possible shipment of \$21,380.46 worth of contributed commodities, purchase of a carload of shelled peanuts for Korea, transfer of nearly \$4,000 for Hungarian Relief, purchase of a half-carload of rice and distribution of at least 2,100 tons or 70 carloads of surplus foods.

Rev. John C. Solomon is in charge of CROP activities in the Cameron area.

Buckholts Boys Enter Scramble

All set to participate in San Antonio Livestock Exposition's zaniest program, the calf's scramble, is Donald Janke and Troy Lock, both of Buckholts.

The calf scramble, which has become one of the most humorous and popular events of the show during the past couple of years, features 20 FFA or 4-H Club boys between the ages of 12 and 13, competing in 14 go-rounds during the February 8-17 Exposition. A scramble is held during each rodeo performance.

In the scramble, 10 calves are turned loose in the arena and 20 youngsters, each carrying a halter attached to a 10-foot rope, attempt to catch, halter, then pull, push, drag or carry a bawling calf that - by the time - looks to them like a braham bull, across the rodeo arena and across the finish line without assistance.

The lucky lads catch the 10 calves and bring them across the finish line are awarded certificates ranging from \$15 to \$50 which must be used to purchase livestock for their FFA or 4-H Club projects.

Under the supervision of the Vocational Agriculture department of the school the boy attends or the 4-H Club Supervisor, this event gives youngsters who would not otherwise be able to afford it, a chance to purchase his own animal.

"AUTUMN LEAVES" Window Display recently shown in Culpepper's Jewelry Store here. This display as are all others shown by Culpepper's is designed and arranged by Mrs. C. N. Donson, manager of the store in Cameron. The above arrangement was used in a contest designed to aid in launching Reed & Barton's newest sterling design. Mrs. Dodson received a 10 inch Bel-Air sandwich plate as a consolation prize in the contest.

City, County Poll Tax Receipts Better Than 70 Percent Of 1956

Poll tax receipts issued by the City of Cameron amounts to 76.1 percent of those issued in the last presidential election year while those for Milam County were only 71.5 percent of the total issued in 1956.

Receipts for the city amounted to 804 with six having been received in the mail on the morning of February 1 bearing postmarks of the previous day. Final receipt written on the night of January 31 was issued about 10 p.m. Receipts for last year totaled 1,056. Milam County this year has issued 3,916 receipts as compared with 5,478 last year. In addition to

these for the current year, 42 exemptions were recorded as were two alien receipts. This compares with 60 exemptions and two alien receipts for last year.

Officials in Tax Collector Valter White's office at the Milam County courthouse say 1957 license plates for automobiles and other motor vehicles will go on sale next Monday, February 11.

There were 11,184 license plates sold in Milam County during the year just ending. This number according to tax office spokesmen include duplicate licenses issued. These duplications are those plates issued in such cases as where a person has a farm license plate but due to certain circumstances may wish to change to commercial plates.

City Adopts New Business System

L. C. Morgan, factory representative of the LeFebvre Corporation, is in Cameron this week assisting the office force at the city hall in setting up the municipality's recording system on the most modern basis possible.

Only recently, the City of Cameron purchased a Burrough's accounting machine at a low bid cost of \$4,856 and index trays and supplies for an additional cost of \$2,027.47. These new types of records will be used in all departments under the city government according to City Secretary Wayne Wieser.

Wieser explained that not only would the new equipment cut the time required for fulfilling recording of permanent records but would allow such recordings to be made much more economically. He further explained that with the new system being inaugurated, city records could be filed in much less space and with a system that any information could always be at one's fingertips.

Morgan during this week has been assisting in the water department in setting up billing and permanent records in that phase of the city's business. He will remain here also for assisting in setting up tax office records and those of other city departments.

Rainfall Totals .16 Inch Here

Rain during the last week fell on three days with a total of .16 inches bringing the total for the year to 1.02 according to the report of Alvin Heft, Cameron water superintendent and official recorder of rainfall for the county.

Recordings show .03 inch fell on January 30, .09 inch on January 31 and .04 fell on February 1.

Normal rainfall for the month of January in past years has averaged 2.5 inches. Thus precipitation locally is far below the average but farmers and ranchers in the area say rain received here fell so slowly none was lost in run-off and benefits were equal to much greater rainfall received in torrents.

Administrators Tell New Trends

Trends in education and especially those being undertaken at Yoe High School was the subject of Guest Speakers Wiley W. Loughmiller and Dick Young before the regular luncheon-meeting of the Cameron Lions Club last Tuesday at the Recreation Hall of the First Christian Church.

Loughmiller and Young, superintendent and principal of the local school, explained how latest trends in education are being adopted here. Yoe students are now being given a series of tests which will determine in what walk-of-life they should seek their livelihood. Tests are also given, they explained, which will enable those students planning on attending college to be better prepared for their entrance examinations.

New trends in regard to credits necessary for high school graduation were discussed.

The two school administrators held a question and answer session following their talk.

CITY WATER DEPARTMENT RECORDS this week began being made on the latest of bookkeeping systems. Miss Ann Schiller, office manager for the water department, is shown above making the first recordings of citizens' water bills on the newly acquired Burroughs Accounting Machine now being used in all bookkeeping procedure for the City of Cameron.

Judge Smith Gives Observation Of Courthouse Repair Needs

By Chas. C. Smith, Jr.
Milam County Judge

EDITOR'S NOTE: following is second of a series of articles by Milam County Judge Charles C. Smith, Jr., in answer to a recent editorial by The Herald requesting suggestions from county officials and interested parties as to what can be done to improve the county owned buildings here. Suggestions here are not necessarily the opinion of The Herald nor of other county officials.)

For this issue we will concern our remarks with the Courthouse. According to the official record the Courthouse was completed in 1891 and remodeled in 1938, as a Civil Works Administration project.

The building was constructed long before the days of structural steel construction. It consists of interior and exterior masonry walls that are load-bearing. The principal item of remodeling in 1938 was to remove the original roof and clock tower. An effort was made to pour a concrete roof over the roof joists and decking, and over which was installed a 15-year bonded tar and gravel roof. In pouring this concrete slab a number of sags in the concrete developed due to shifting of the forming material, and at the present time pools of water stand on the roof during rainy seasons. The original building was not designed to take this added weight

of concrete and water, and there is evidence of cracking under the bearing portions of the concrete and supporting walls. This roof leaks in several places, particularly at flashings on parapet walls. It is obvious that a new roof and new flashings are required at this time. It has been suggested by reputable engineers that the present roof is dangerous and would be particularly so in the event the building was exposed to severe stress occasioned by a windstorm or tornado, due to the absence of structural steel members in the load-bearing walls.

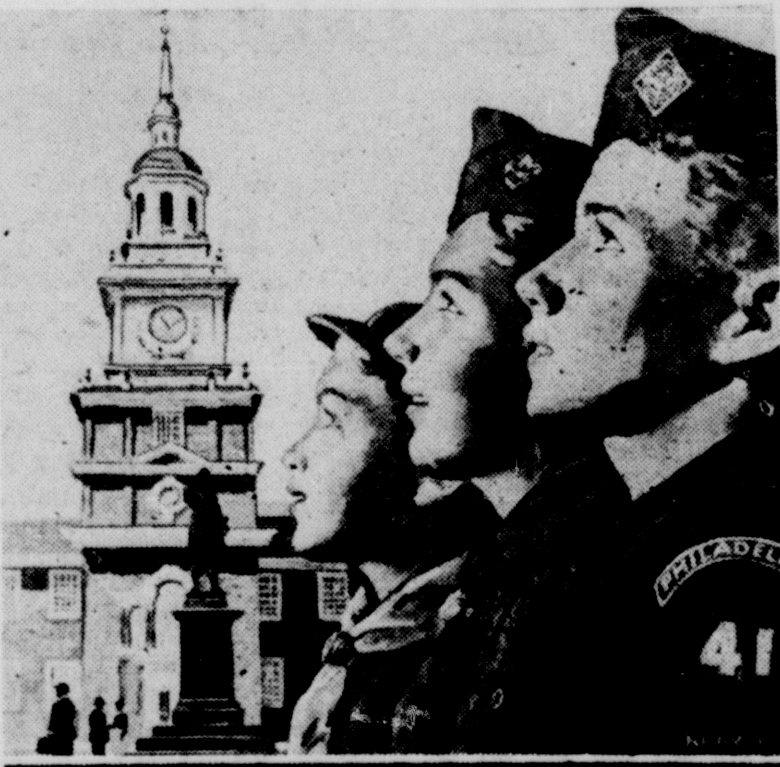

The exterior is of white stone. A casual examination will disclose that all entrance steps have pulled away and are settling away from the building. The mortar joints are leached out and the old style windows with wooden trim are obviously rotten. These windows, balconies and ornate stone work, together with the drains, which themselves are in need of repair, are infested with birds and insect life.

Inspection of the bearing wall foundations discloses settling and there are cracks at many locations in the building. Vibrations have caused these cracks to open and when the clock strikes or when the heavy freight trains run on the adjacent Santa Fe Railroad, tremors are set up in the entire structure.

The bearing walls were con-

Boy Scouts Mark 47th Birthday

ONWARD ★ ★ ★ For God and My Country

47th ANNIVERSARY
BOY SCOUTS OF AMERICA
1957

OFFICIAL BOY SCOUT WEEK POSTER

More than 4,500,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders throughout the nation will observe Boy Scout Week, February 6 to 12, marking the 47th anniversary of the Boy Scouts of America. Since 1910, Scouting has served over 26,000,000 boys and adult leaders. Through its Four-Year Program, "Onward for God and My Country," the organization seeks to train more boys in patriotism and character so that they will become intelligent citizens with an appreciation of the free way of life and a dedication to high spiritual ideals. Boy Scout Week observances will feature preparation for the Fourth National Jamboree, which will find 50,000 Scouts and leaders camping where Washington camped at historic Valley Forge, Pennsylvania, next July 12 to 18. The nation's 111,000 Scout units will feature rededication ceremonies on February 8, the actual birthday of Scouting in America.

structed of stone, brick and miscellaneous chips of all kinds, so that there is no bonding or keying of the masonry. The fact that white lime mortar was used also means that the bonding is of doubtful security. There is one very perceptible foundation failure running across the entire building from north to south.

The interior of the building is noticeably worn, and the terrazzo flooring is cracked and missing from one of the stairs. There is no elevator and because of the high floor to floor dimensions, the stairs are very difficult to climb.

This factor also makes for wasted floor space.

A casual examination of the heating, electrical wiring, and plumbing will reveal that they are antiquated and even dangerous.

The accompanying series of photographs serve to demonstrate the various points that we have made hereinabove; and in ensuing articles we shall attempt a floor by floor analysis of present conditions and problems.

In the meantime, we urge our citizens to visit their Court House and see for themselves.

Final Rites Held For P. D. Server

Final rites were held at 2:30 p.m. Friday, February 1, for P. D. Server, 85, who died in Houston last Wednesday, January 30. Services were held from the Friendship Methodist Church with Rev. Jack Berry officiating. Burial was in the Friendship Cemetery. The Green Funeral Home in Cameron had charge of arrangements.

Having lived in the Friendship and Davilla Communities for the past many years, Server is survived by his widow; two daughters, Mrs. Tom Short of Houston and Mrs. Melvin Todd of La Mesa, two sons, Irvin Server of Hopesville and Walker Server of Welch; one brother, E. M. Server of Rochester, and three sisters, Mrs. E. W. Potts of Belton, Mrs. W. C. Knight of Reeds Lake

Markham Scores As Sharpshooter

James C. Markham, a Texas Christian University freshman from Cameron, qualified on the TCU Army ROTC small, bore rifle range with the caliber 22 rifle as a sharpshooter recently. To qualify as a sharpshooter a score of 161 out of 200 is needed.

Markham is the son of Mr. and Mrs. J. C. Markham of Cameron. Others who qualified for sharpshooter are Bennie Badgett from New Boston; Sammy Henderson from Odessa, Donald Hinton from Pampa, John Benzel from Glenwood Springs, Colorado; Phil Harvey from Roswell, New Mexico, and Gerald Johnson from Memphis, Tennessee.

and Miss Sally Graham of Rochester.

Mrs. Glaser, 91 Dies February 1

Mrs. August Glaser, Sr., 91, was buried in Oak Hill Cemetery following funeral services at 3 p.m. Saturday, February 2. The final rites were held from Green Funeral Home Chapel with the Rev. John Pietsch, pastor of the Hope Lutheran Church, officiating.

Born on October 27, 1865 in Europe, Mrs. Glaser came to this country as a small child. She had been a resident of Milam County for the past 52 years. She died at her home on Rural Route 1 in Cameron at 3 a.m. last Friday, February 1.

She is survived by nine sons, Fritz and Herman of Buckholts, to, August, Jr., Albert, Willie, Lee and Robert, all of Cameron and Theodore Glaser of Marek; 35 grandchildren, 31 great-grand-

Picture Of Early Volunteer Cameron Firemen Recalls Memories To Many

Volunteer firemen with the Cameron Fire Department has a long and honorable record of past volunteers to uphold. Currently, the department is maintaining that excellent record according to the general opinion of local citizens with the answering of fire alarms at every hour of the day and night.

One of the earliest bodies of firefighters in the city is shown in the accompanying photograph August Horstmann, last of the drivers of the horse-drawn fire wagons and first driver of the department's first automotive truck, concerning the picture said, "This crew is a little ahead of me."

However, he said he believed these were one of the very first teams of horses to pull the Cameron fire wagon. He along with others remembering the era of horse-drawn fire wagons agreed these gray steeds were named "Tom and Jerry." Others recalling this era included Oxsheer Smith, Sheriff Carl Black-present fire chief of Cameron, Bill Richter, Frank Richter and numerous

others. Mr. Horstmann said he drove horses only on two runs. The fire department had ordered a fire truck which was supposed to have been delivered by the first day of the year, the same day on which Wesley Stephens resigned as driver of the wagon. The truck was 17 days late upon arriving in Cameron and during these days, he drove the horses, which at that time was composed of a team of bays, to two fires. He recalls these fire horses were stabled in the present fire station with their harness hanging above them. Upon the blowing of the fire whistle, the driver pulled a rope dropping the harness upon the animals. Special constructed harness included hames built with the collar dropped around the horses' necks and had an automatic snap which fastened with being pushed together beneath the necks.

The fire horses were then ready for action and those remembering those days report the team seldom left the doors of the station when they were not already in a

dead run. Some report that the department's mascot, a Cocker Spaniel dog, always rode the wagon.

John Dodson, who only recently retired from the Cameron Police Department, reports his brother traded the last team of fire horses - the bays, for the grays shown in the picture. Others recall the trade and tell how the grays then used near the city as plow horses were unusually hard to control by their owner whenever the fire whistle sounded. The fire whistle some recall was at that time at the ice house then as now on East First Street.

Other memories recalled include that expressed by Austin Banks, now 63, colored janitor of O. J. Thomas Schools and the Cameron City Hall, concerning the fact that the first motorized fire truck in the city had "hard rubber" tires. He says he remembers these tires particularly because Mr. August Horstmann drove the truck to a fire in Rockdale in 1919. On this trip, he reports Mr. Horstmann drove so fast to arrive in time at the scene of the fire that these tires were torn from the wheel.

Others remember that during these days there was a blacksmith shop located where Horstmann Brothers now have their auto supply store. This shop, they say, was never locked, day nor night.

Early firefighters names recalled by presentation of the picture to Cameron persons were also Big John Meek, Bud Rich, Bud Smith, Will Caldwell, Frank Michalka, Will Crain, Arthur Bas-kin, Ed Cammer, Frank Mondrik, Henry Ruby, Allen Hooks, J. P. Werner, G. T. Palmer and Will Durney.

Mr. Smith says he believes the only descendant now in or around Cameron of those he has identified in this early picture is Mrs. Ledbetter, who is the daughter of the late Fire Chief John T. Arnold. However, he says the son of Roy Jeter is now in Houston and the son of Charlie Sens, Lee Sens, is now residing in New Orleans.

Other memories recalled by this picture concern the two story hotel then located on what is now the vacant lot between the City Hall and Horstmann Bros. Store. These persons say the hotel was painted green and was operated by the late Henry Ruby. Especially do they recall having dined at the hotel and describe the food as being very tasty and plentiful.

They say meals were served at a large round table centered with a moving "lazy Susan" which was also topped by a stationary platform. This stationary portion usually carried flowers while the food was placed on the "lazy Susan" portion. When one desired another helping of a particular dish, they did not ask for it but merely turn-

ed the movable turn-table until they could reach the dish they desired.

Magnolia House Has New Mgr.

Magnolia House in the future will be under the management of James B. Fridstein, former manager of the Allen Military Academy Dining Hall at Bryan, according to an announcement last week by Fred Jackson, owner of the restaurant.

Fridstein is a former co-manager of the United Services Automobile Association Cafeteria at San Antonio and also a former associate with Crotty Brothers, Inc., a national industrial catering concern.

The manager has been actively participating in the Boy Scouts of America for the past 25 years and is an Eagle Scout and former scoutmaster. He was a medical aid man in the European theater of operations during World War II and was recalled for service during the Korean incident, during which time he was an instructor in the Medical Field Service School at Fort Sam Houston.

He will be assisted in the management of the Magnolia House by his wife, Ruth, who is a native of Wheeling, West Virginia. She was in the personnel administration at the Pentagon Building in Washington, D. C., during World War II. She also has 10 years experience as an elementary grade schoolteacher.

Mrs. Fridstein has the interesting hobby of palm reading and the analysis of handwriting. She has recently been working in ceramics.

Kenneth K. Bechtel, a former Boy Scout, is now national president of the Boy Scouts of America.

Buckholts Steer Winner In Show

Leland Weido, son of Mr. and Mrs. Joe Weido of Buckholts, exhibited a white Shorthorn Steer in the 1957 Fort Worth Fat Stock Show.

The 975-pound steer placed third in his class. The Junior champion Shorthorn steer was the first place steer in this class weight. Buckholts F.F.A. Poultry Judging team placed fifth out of 63 teams on Saturday, February 2, at the show.

The contestants were Carrol Wayne Glaser, son of Mr. and Mrs. Willie Glaser, Curtiss Raye Fuchs, son of Mr. and Mrs. Her-

EARLY CAMERON FIRE FIGHTERS:-Above is one of the earliest fire wagons in the history of Cameron and the men serving at that time on the Volunteer Fire Department here. Without exception, the team of horses drawn the wagon have been identified as Tom and Jerry. However, members of the department have stumped some of those having seen the pictures. The most complete identification is supplied by Oxsheer Smith. Beginning from left to right on front row are Charlie Hefley, unidentified, Charlie Sens, Mr. Krizan, Oscar D. Adams, Ike Brashear, Jim Coleman, Frank Porter and John T. Arnold, one time chief of the department. Second row shows P. O. Adams on rear of fire wagon, unidentified fireman, Roy Jeter, R. S. Boykin, Mr. Schwabs, Morgan Dickinson, Will Schiller. However, Mr. Smith says he does not believe Schiller was as old as the pictured man appears at time the above picture was made. To complete and insure the correct identification of all those pictured a number of awards will be given the first correct and complete identifications received at the Cameron Herald office. The Magnolia House is offering two steak dinners to the first correct list, Sheriff Carl Black, present fire chief is offering an annual subscription to the second and The Herald will give another year's subscription to the third correct identification.

man Fuchs, and Carrol Gene Fuchs, son of Mr. and Mrs. Harold Fuchs. Carrol Gene Fuchs was fifth high individual in the contest.

Mare Gerschbach went to the show as alternate contestant.

The Jubilee Jamboree next August near Sheffield, England, will

mark the centenary of the birth of Lord Baden-Powell, Chief Scout of the World and the fiftieth anniversary of the birth of the Boy Scout program.

A systemic insecticide, Thimet, was used last year by a number of Texas farmers to treat cotton planting seed for early season in-

sect control. F. M. Fuller, extension entomologist, said research results showed that protection against aphids, thrips, spider mites and leaf miners was obtained for periods of 4 to 6 weeks and that the seed treatment will replace the first two early season spray applications. It was not effective against overwintered boll-

weevils. Churches of all denominations sponsor nearly half of America's 111,000 Scout units.

A 1,500-acre tent city will house the Fourth National Scout Jamboree at Valley Forge, Pennsylvania, next July 12-18.

Here's the bomb THAT BROKE THE "low-price" lineup!

This big high-stepping Chieftain started a revolution with a carload of "firsts" and an eye-popping price tag!

The low-price field never looked like this before! The handsome husky you see right here has the boat still rocking . . . with more power, more wheelbase, more room—and more sheer pride of ownership—than ever before possible on a well-trained budget! Just look at what they're making room for now in the low-price lineup: a strapping 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8 . . . a whopping, road-hugging 122 inches of wheelbase and an all-new suspension system for a Level-Line Ride that's next best thing to a magic carpet! And this streamlined beauty takes on the field with more than six dozen "firsts", all proved by 100,000 of the roughest, toughest test miles a group of facts-minded engineers could devise! If this sounds like a wonderful buy—it certainly is! Our advice is to stop dreaming and price it! At a cost less than a lot of the low-price jobs, this newcomer is making big-time buyers out of former "all-three" owners!

Lowest-Priced Series of America's Number 1 Road Car!

'Atomic' Kitchen

"ATOMS FOR LIVING" research in the field of science has produced this forecast of the kitchens to come in American homes. Introduced by Kelvinator at the January Chicago furniture market as a design for 5 to 15 years in the future, kitchen incorporates special refrigerated area for foods preserved by rays produced by atomic energy, a technique now under close study by government and private agencies. In the foreground is an "ultrasonic" dishwasher which cleans dishes by means of sound-waves. Dishwasher rack, and freezer, refrigerator, irradiated food chamber and electronic range in background all disappear into upper and lower cabinets under pushbutton control when not in use.

February 15 is the income tax report deadline for farm and ranch families who did not file an estimate and payment before January 15. Extension Farm Management Specialist C. H. Bates says, county agents can supply information on both income and social security taxes. Ask for a copy of the Farmer's 1956 Tax Guide.

More Texas radio and television stations than ever before regularly broadcast or telecast market news on farm commodities. This fact was established by a recent USDA survey which showed 118 radio and 14 TV stations in Texas carried market news information. One hundred forty one radio and 21 TV stations in Texas answered the survey questionnaire.

MODERN HOMEMAKING

RECIPES... HOUSEHOLD HELPS

By Julia Hunter

HOME ECONOMICS DIRECTOR, LONE STAR GAS COMPANY

February is the month of hearts and flowers for it brings forth the Valentine season and provides just the occasion for a party to give a lift from winter and an advance touch of spring. It also is a perfect excuse for a frilly feminine luncheon, but equally perfect for a sentimental touch to a party for a mixed crowd. Men, too, like the feminine touch and the bit of sentiment, so long as the food is as good as it looks and is filling.

For a Valentine theme giant hearts cut from shiny red paper make festive place mats for a seated meal or for a buffet supper. If time permits, edge the hearts with lace paper doilies cut in half and glued to the underside. White or red flowers may center the table, or vary from the conventional and use a pale pink. A delicate pink does wonders with red. Slip the stem of a flower through the center of a paper doilie, tie the stem with a fluff of ribbon and guests have individual nosegay corsages.

Clustered together, the nosegays first make a centerpiece. If there are men present, keep some of the flowers plain to be worn as boutonnières. Use individual Valentines for place cards—the more sentimental the better. If it's a dessert-only affair, nosegays and Valentines make plate favors.

Valentine Menu

This suggested Valentine menu will serve a mixed dinner crowd, or omit the potatoes and it serves a ladies luncheon as well. Here's the menu

Salmon Mousse Spice Crabapples

Hot Biscuits

New Potatoes Green Asparagus

Pink Angel Hearts

The menu fits nicely into a "hearts and flowers" theme, with the foods satisfying. Garnish the mousse with chilled canned spiced crabapple. Those with stems on look prettiest. Dress tiny new potatoes with melted butter or margarine and minced parsley. Add lemon juice and grated lemon peel to melted butter or margarine and whip to a froth to make a delicious sauce for the asparagus. One-fourth cup melted butter or margarine with two tablespoons lemon juice and one teaspoon grated peel makes enough sauce for four servings of asparagus.

Whether the biscuits are of your own making from start to finish, are made from a packaged mix or are of the canned variety, serve them piping hot with plenty of butter or margarine.

Pink Dessert

A pink dessert seems a "must" for a Valentine party, whether it's a dessert to complete the meal or one to serve as a refresh-

ment course. For Pink Angel Hearts, make your favorite angel food cake mix into cake layers about one and one-half inches thick. With a heart-shaped cookie cutter, or by cutting around a cardboard pattern with a sharp knife, cut the cake into individual servings. (Use the scraps in other desserts.) Split each heart horizontally into layers. Whip heavy cream until stiff. Sweeten it to taste, tint it a very light pink and fold into it slivered toasted almonds. Put the heart layers together with the pink cream, then cover top and sides with the cream. Chill several hours. Garnish each heart with a pink rosebud, fresh or artificial. Serve on heart-shaped paper doilies.

RECIPE OF THE WEEK

SALMON MOUSSE Soften two tablespoons unflavored gelatin in one-fourth cup cold water. Combine in saucepan and heat over low gas flame until blended, two three-ounce packages cream cheese, one can undiluted cream of mushroom soup, one cup mayonnaise, one small onion grated, one tablespoon Worcestershire sauce, one-half teaspoon salt. Remove from flame and stir in the eight servings.

softened gelatin, stirring until gelatin is dissolved. Add one one-pound can salmon, flaked and one cup chopped celery. Mix well and pour into two-quart mold which has been oiled or rinsed in cold water. Chill until firm. Makes eight servings.

Maintenance shaping of a waterway on the farm of Mrs. Elizabeth E. Blanton has been completed. A motor grader was employed to carry out this maintenance operation. The Blanton farm is located some four miles north and west of Granger and is supervised by C. F. Frazier of Granger.

Re-sectioning of this waterway has become necessary from the results of siltation through the years and additional acres of water being terraced into same for which they were not originally designed. The waterway is being widened and enlarged upon for additional cross-section and therefore has increased carrying capacity.

Re-vegetation of disturbed area will be brought about through the sodding of Bermuda grass. According to James C. Gray, soil conservation personnel stationed in Bartlett, this waterway and the original terraces were installed some twenty years ago. The work was carried out through the efforts of the CCC Camp Project headquartered in Bartlett at that time.

The waterway was shaped, terraces constructed and the waterways solid sodded to Bermuda or Buffalo grass for a complete or turn key job. I believe this was in 1937, he said. To relate further, Gray adds, practically all of the jobs of that time were carried out in this manner. They were costly to install but provided a quick opportunity to observe the effectiveness of the program which was later to serve as the foundation for the program developed and adopted by the board of supervisors of this Little River - San Gabriel Soil Conservation District.

In most instances, the solid sodding of waterways at the time of terrace construction proved satisfactory, though too costly. In some instances rains and heavy runoff would cause blow out sections in waterways and occasionally complete removal of the grass.

These would be re-sectioned and re-sodded immediately and as many times as stable. This hazard is eliminated through the approach now used under the district program of establishing waterway vegetation prior to concentration of run-off through terrace construction.

CARD OF THANKS

We wish to take this opportunity to thank our friends and neighbors for their many deeds of kindness during the illness and death of our loved one. Especially do we thank the doctors and nurses of Kings Daughters Hospital.

We also want to thank you for the beautiful floral offerings. May God bless each of you.

The H. E. Fuchs Family

Worship together this week

We are well blessed. The doors of our churches and synagogues are wide open... waiting for us to enter. Set aside a time each week... a time apart from the "busyness" of living. You'll find more joy in each day, if you give some time each week to worship.

And the Wolf family here—will you just look at those boys! They're feeling very grown-up and proud as punch, going to a Service with Mom and Dad.

Here's Dave Hudson and Bill Miller, Good friends for a good many years now. They hardly ever "talk" religion—they just always find time to get to Services each week.

Ever been a stranger in any town? Then you've known loneliness. And you know how comforting it is to come upon a church or synagogue... where the doors are always wide open to everyone.

What a Price! What a Buick!

WHERE ELSE among all the '57 cars can you find the equal of this?

Where else can you get the power, the performance, the room, the visibility, the solid substance you get in this spanking-new Buick SPECIAL—for just a few dollars more than the price of a smaller car?

Here you get a big and brawny Buick that's brand-new in body and styling and interior beauty.

More important—brand-new in everything that gives lift and life and lilt to a car—for that's where we put most of our hard-cash millions in building you this sensation.

So you boss a brand-new top-torque engine, command a brand-new instant Dynaflo.*

You ride in a new chassis design that "nests" the body inches lower without loss of headroom, legroom, footroom—or ground clearance.

Go see for yourself at your Buick dealer's—Buick's the dream car to drive—and the most satisfying buy in the land today.

Manufacturer's Suggested Price—
for this
2-Door SPECIAL 6-Passenger Sedan

\$2595⁸³

(including Delivery and Handling Charges and Federal Excise Taxes)
Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflo transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

Cecilia Rose Green weighing seven pounds and eight ounces was born to Mr. and Mrs. Randolph Richard Green of Burlington on January 23.

Andrea Grauer Matula weighing eight pounds and two ounces was born to Mr. and Mrs. Felix August Matula, Jr., of Cameron on January 25.

Gary Arnold Hornung weighing eight pounds and 14 ounces was born to Mr. and Mrs. Fredwill Louis Hornung of Cameron on January 29.

Jerry Dale Hobbs weighing eight pounds and eight ounces was born to Mr. and Mrs. Elmer Eugene Hobbs of Lexington on January 30.

Jeffrey Preston Tucker weighing seven pounds and 14 ounces was born to Mr. and Mrs. Murrell Charles Tucker of Houston on January 29.

Maria Yolanda Velazquez weighing six pounds and four ounces was born to Mr. and Mrs. Elias Velazquez of Rosebud on February 2.

DANCE
NATIONAL HALL
Cameron, Texas
Saturday, February 9
Music by Gaylon "Korn Cobb"
Christie and the Down Beats. 45-tfc.

Congress granted a federal charter to the Boy Scouts of America in 1916.

What to look for when you want a dependable used car!
SEE PAGE 8

A dead mesquite is worth more in economic value than a live one, declares G. O. Hoffman, extension range specialist. A live one, 10 inches in diameter, uses about a ton of water to produce a pound of beans. That same ton of water could be used to produce four pounds of good grass. For five cents it could be killed and if it isn't, it represents a yearly loss of about \$9.00, adds the specialist.

dance training should be included in every child's education

ANNETTE DUVAL
School of Dancing

To Open

Branch School In
Cameron, Texas

Class to be held at Simon - George Hall each Friday afternoon.

Registration Monday, February 11 in Chamber of Commerce offices From 2:00 to 6:00 p. m.

From three to nine years a child should take ballet, tap, and acrobatic dancing from a capable teacher. Ballet for grace, posture, and control; tap for rhythm, accuracy, alertness, and concentration; acrobatics for suppleness, strength, and health. To develop self confidence the small children are coached in singing along with their dancing.

Ballroom instruction for fourth grade and older boys and girls is a lot of fun, and is a sure way to become popular. Every one should know how to dance. It is often the key to social and business success. It will cost you only \$4.00 per month for Ballroom class instruction.

CAMERON, TEXAS

THE MIGHTY CHRYSLER

Most glamorous car in a generation

It makes 'em Stare-anywhere!

You see it any place...and you want to look at it. There's a pride and a prance to it that gives you a lift, makes you feel alive and vital. But the real tingle is driving it!

There it is... as long and low and purposeful as a gleaming jet, with its long rakish fenders streaming back and up like battle flags. This is the dynamic new look of 1957 motoring, and we can't help it if others aren't there yet. Give 'em time—we always have.

The important thing to know is that every flowing "go" line in this 1957 Chrysler has a purpose. That low-slung body and upswept tail were engineered for a new kind of road stability. They are the architectural results of Chrysler's Torsion-Aire

ride, the all-new suspension that gives you sports car cornering with the comfort of an ocean liner.

Front coil springs have been completely eliminated. There's up to 56% more glass area to enhance its roomy feel. The wide, low grille features hooded dual headlights. And if you want to find out what "go" really is, wait till you boss its up-to-325 horsepower engine and pushbutton TorqueFlite transmission. The real tingle is waiting for you. Come in and see us... or just telephone. We'll gladly arrange a demonstration.

POTATO TIPS

GERMAN POTATO PANCAKES

Wash, pare and grate 6 med. potatoes. Combine 2 tbsps. flour, 1 1/2 tsp. salt, 1/4 tsp. baking powder, 1/4 tsp. pepper. Combine flour mixture with 2 beaten eggs, 1 tsp. grated onion, 1 tsp. minced parsley. Drain grated potatoes, add to egg flour mixture. Beat thoroughly. Fry cakes in 1/4" hot fat until brown.

POTATOES O'BRIEN

Boil 6 med. potatoes. Chiff, dice. Add 1 chopped green pepper, 1 chopped onion, 1 tbsp. flour, 1/4 cup grated cheese, salt, paprika, dash of cayenne. Put in greased baking dish. Pour over them 1 cup milk or cream. Top with breadcrumbs. Dot with butter. Bake at 350°, 15 min.

ITALIAN POTATO SALAD

Dice 2 med. boiled potatoes. Toss potatoes lightly with 1 stalk diced celery, 1/2 cup diced cucumber, 1/2 cup ripe olives, diced, and 2 tbsps. minced onion. Blend in 1/4 tsp. oregano, and Italian-style salad dressing consisting of olive oil, wine vinegar, garlic, salt and pepper.

• Always peel potatoes just before cooking. Do not soak potatoes. (Minerals and vitamins escape.) • Cook in boiling salted water. Save potato water for soups, sauces, yeast breads. • Cover boiled potatoes with cloth while they stand, to prevent soggy. Cloth absorbs steam.

Editorials...

Cameron, It's Home . . .

Cameron is a small city but one with excellent public and parochial schools, fine churches and is filled with businesses of varied descriptions and all of which are constantly striving to serve all in the most beneficial way.

Above all, Cameron is home to the hundreds of persons living here. Yes, some of the local businesses may have a few items on their shelves which are a few cents higher than you can get 30 to 100 miles away in large department and cut-rate stores.

However, remember to make a trip to one of these distant cities will in itself cost you from five to 10 dollars. This many times the amount you can save by trading there. This distance is also one of the outstanding reasons you may have to pay a few cents more here. Yet, is not the convenience and service always at hand worth these few added cents?

Civic Clubs Boon To Society . . .

Communities anywhere with active civic organizations are those favored with prosperity and having good will from all neighboring towns and cities. Civic clubs play a leading role in gaining such for their city.

Cameron is such a city in which members of the Jaycees, Kiwanis, Rotary and Lions Clubs, realizing the part which they can play in the future well-being of the town are becoming more and more active. Young men, natives of the area, and others entering Cameron should consider this fact. Following such consideration and seeing the aid possible for their and the city's future by these civic fraternities, they should also take part by entering one and working for success of that one's annual programs.

Too many look upon these organizations as those at which members meet solely to meet and eat each week. Such is not at all the case.

During the past year in Cameron, the Jaycees not only provided the Christmas decorations for the downtown areas but also provided a full and happy Christmas for more than 100 underprivileged children. The Lions, Kiwanis and Rotary with others assisted in the March of Dimes Bucket Brigade, in the United Fund drive, raised money for crippled children, provided glasses for persons unable to bear the costs themselves and other charitable contributions and work.

As groups of Cameron businessmen, these clubs send letters to the state legislature and other governing bodies expressing their desires to see certain action taken which will benefit the farmer, the rancher, the old and the young, the handicapped and Milam County citizens in general. Such letters carry great weight in gaining passage of many such bills.

Little if any publicity is given these types of clubs for their efforts. Yet, they accomplish much despite the acknowledgement of others. They do these things for one reason alone — to see a bigger and better Cameron and Milam County.

Rain; Conserve It . . .

Cameron and surrounding areas of Milam County have been receiving some rainfall—not much but some for the majority of days during the past three weeks.

Being only sufficient to keep topsoil wet for only a portion of an inch, it has been enough for Milam farmers and ranchers to realize the value of water to their land. We sincerely hope that at the same time, they do not become overconfident and ignore the great need of conserving the little rain that is falling and the moisture already in the soil.

Several Milam County groups during the past year have undertaken great strides for the purpose of conserving water and controlling floods should excessive rains again fall in this area. Elm and Brushy Creeks flood control districts, SCS technicians and members of the various conservation districts within the county realize the need of moisture and that such can be available only if proper steps are taken to harness accessible water for future use.

Not only are upstream dams needed for flood control but also to provide water for irrigation, for stock, fish, prevention of erosion, possible use for supplies to municipalities in the area and other needs too numerous to mention. However, to gain the most from such dams, landowners and farmers should at the same time carry out those other means of conservation recommended by the Soil Conservation Service.

Use of all these measures including sodded waterways, terraces, contour plowing and the upstream control dams can be the means for increasing not only the profits of the farmers, ranchers, property owners but also for all businessmen in the urban areas.

Understanding and practice of these different phases of conservation with complete and correct use of what rain and stream water we receive, and we all can profit many times more than by following the patterns formerly used.

"YE HAVE BEEN CALLED UNTO LIBERTY, ONLY USE NOT LIBERTY FOR AN OCCASION TO THE FLESH, BUT BY LOVE SERVE ONE ANOTHER." — GAL. 5:13

LITTLE RIVER PHILOSOPHER COMES UP WITH SYSTEM HE CLAIMS WILL SOLVE FARM PROBLEM PERMANENTLY

Dear editor

Everybody is always talking about the farm problem but you rarely ever hear of anybody really offering a solution to it.

A week ago I read a statement in a newspaper which turned up out here in the road near my house where somebody had spread it on the ground to keep from getting dirty while he was changing a flat, and for seven days since then I've been thinking steadily about it and I have now come to a definite solution to the farm problem.

As I understand the farm problem,

we have one even when we don't have a drought, that is, a drought makes the farm problem worse, but even in rainy years the farm problem, especially the surplus part of it, is still staring us in the face.

I am now going to offer a solution to the problem, and I'm surprised nobody has thought of it before.

According to this statement I read in the paper, the supply of gasoline on hand in this country is now at an all-time high, which is one of the reasons we can't ship more oil to Europe, as the more oil we refine, the more gasoline we produce, and the bigger the supply would get and there ain't enough barrels to hold it.

But, and here's the point, even though the supply of gasoline on hand is at the highest peak in history, the price of gasoline for cars and tractors is also at the highest peak in history, as anybody who's bought any gas lately knows.

What I want to know is, and this would solve the farm problem, why don't us farmers use the same economic system the oil people use? Why can't we repeal the law of supply and demand too?

I don't know how they work it, but any time you can get your price to the highest point in history and still have the biggest unused supply of the stuff on hand, you're in pretty good shape.

Us farmers trouble has always been, right when we got a big crop on hand, the bottom falls out of the price.

The solution to the problem clearly is to pattern agriculture after oil. Understand, I'm not criticizing the oil industry, I'm just envying them boys. They've hit the nail on the head, I ain't smart enough to figure out how we can do it too, but I think I've done my part when I've pointed out that if we adopt this oil system, and get the surplus moves up, all us farmers, from me on up to Mr. Benson, will have our problems solved.

Yours faithfully,

J. A.

Subject To Draft Age Men

There is no such thing as a list of occupations which are automatically deferrable.

In order for a young man to be considered for occupational deferment, he or his employer must submit evidence to prove he is employed in a critical occupation, necessary to the maintenance of the national health, safety and welfare and if in an industry, that the industry is performing services necessary to the maintenance of the national health, safety and welfare.

Further, it must be proven that the registrant is employed full time, that he is irreplaceable because of a shortage of persons with his skill and that his induction would cause a material loss of effectiveness in the activity in which he is engaged.

After this evidence has been submitted, it is the responsibility of the local board, under applicable rules and regulations, to decide which men should be deferred because of their civilian activities. It is true that the board does have lists of critical occupations, issued by the U. S. Department of Commerce and U. S. Department of Labor and information furnished by the U. S. Employment Commission concerning local labor supply, but these lists are used only as a guide in helping the board reach a decision and does not mean that men engaged in occupations found on this list are automatically deferred.

Careful consideration is given every registrant, who submits evi-

dence regarding occupational activities, for occupational deferment, so that when the board reaches the decision that a registrant does or does not qualify for the deferment, the board is satisfied that regulations and directives have been followed to the best of its ability to interpret their meaning.

The local board has been cooperating closely with the Vocational Rehabilitation Division of the Texas Education Agency for several years now by notifying registrants with disabilities which might qualify them for aid through this agency, and if the registrant indicates his desire to be referred to Vocational Rehabilitation, the board promptly does so. Many young men, who otherwise would not have had access to this information, have been helped. The board is making preparations to make its annual registrant who receives this literature and letter concerning this service, should read it carefully and make appropriate reply, if he desires to be referred.

Any young man, who does not receive the literature but feels that he might qualify for this aid, should contact the board office, and we shall be glad to make the referral.

The board is still looking for Leon Taylor, colored, and anyone knowing his whereabouts, or having information concerning his whereabouts, is urged to contact the local board office.

GO TO CHURCH ON SUNDAY

Duval Plunderbund Plucked \$7,187 From Benavides Schools in One Day

By—FREDERICK HODGSON

SAN DIEGO, TEX.—One of the Federal Government's experts working on the sticky financial morass that is Duval County figures the cost of operating a political machine such as this at about \$1,000,000 a year.

This doesn't include what goes into the pockets of leaders through big "deals" which otherwise wouldn't have been possible. John Ben Shepperd has estimated the total of "money diverted from intended, lawful purposes" in Duval County has been four or five million dollars a year for the past ten years.

That's a lot of money even for Texas where millionaires are supposed to hide behind every hush-sache bush.

Political machines fall apart when something interferes with the free flow of cash. Attorney General John Ben Shepperd and District Attorney Sam Burris have turned off the faucet in Duval.

Donato Serna, a determined little Latin-American who can spot a crooked ledger a mile away, now sits in the Courthouse at San Diego as County Auditor. Serna doesn't like George B. Parr one little bit. And for good reason. Parr once gave him a thorough going over with a five-cell flashlight, a beating so severe that one of Parr's then deputy sheriffs, Manuel Amaya, was forced to intervene and disarm the Boss.

"Our County is not in a very good financial condition," says Serna.

Only one county in Texas has a higher tax rate than Duval. The County, with a population in the neighborhood of 12,000, has a bonded indebtedness of \$3,113,000 and a \$2.55 tax rate.

The adjoining county, Webb, another political hot spot, has a \$2.65 rate.

In contrast, Val Verde County has a 58 cent rate. Perhaps the avenging shade of Judge Roy Bean, "the law West of the Pecos," who held court in a Val Verde saloon, keeps sticky fingers out of the public till. There's nothing like a little fancy embezzlement to shoot a tax rate sky high.

Beside my typewriter are two documents, Donato Serna's current annual report on Duval County finances and an affidavit signed by Diego Heras, former acting secretary to the board of trustees of the Benavides Independent School District.

The two documents complement each other perfectly, the latter providing a good picture of the financial shenanigans responsible for the "not very good financial condition" of the County of Duval.

In just one day, October 19, 1950, nimble fingers lifted \$7,187.80 from the school district treasury.

The chubby Mr. Heras lists 101 checks made out to fictitious names, the whole batch amounting to \$67,414.17. His affidavit makes interesting reading.

"I know George B. Parr of San Diego, Duval County," Mr. Heras swore. "Although he has dominated the Board of Trustees for many years, and has taken it upon himself to countersign all vouchers issued by the District, Mr. Parr has never within my knowledge been an employee of Benavides Independent School District. W. M. Benson of San Diego, who keeps Mr. Parr's books, and who offices in Mr. Parr's office across from the Courthouse in San Diego, has served as 'auditor' for said Benavides School District for many years."

"B. W. Milligan is Superintendent of Schools in the Benavides Independent School District, and W. F. Reed is Principal of the Freer Schools in said Benavides District. During the years I worked for the Benavides District, the method of handling Teacher Retirement moneys was to make up the teacher contribution lists from the payrolls, and then to issue vouchers against the School District to Mr. Milligan or Mr. Reed for the amount of the Teachers' contributions. These men in turn were to purchase cashier's checks to be remitted to Teachers Retirement System."

"I have carefully examined annual report of School Funds to Texas Education Agency submitted by Benavides Independent School District for the year ending August 31, 1950, and have also examined a like report submitted for the year ending August 31, 1951. These reports were prepared and submitted by the Texas State Bank of Alice, the depository for Benavides Independent School District. In these reports I have found many irregularities. On Exhibit A to this affidavit, I have listed a number of vouchers issued by Benavides Independent School District to fictitious persons. The persons so listed as fictitious are actually fictitious, never existed, and of course never performed the services for which the vouchers purportedly were drawn. Many of these vouchers were issued at the express direction of W. M. Benson. At times I would deliver the vouchers to Mr. Parr or Mr. Benson. At other times, I would present them at the depository bank, where I would be handed an envelope containing money. This envelope would then be delivered to Mr. Parr or Mr. Benson."

"On Exhibit B to this affidavit, I have listed another group of vouchers which were issued in the same manner and under the same direction, to actual persons. However, none of these listed persons who are payees in the listed vouchers ever performed the services for which the vouchers were purportedly issued, and these persons did not receive such vouchers. Such vouchers were handled in the same manner as those issued to fictitious persons."

"On Exhibit C to this affidavit, I have listed another group of vouchers which were issued, in the same manner and under the same direction, to actual persons. However, none of these listed persons who are payees in the listed vouchers ever worked for said Benavides District."

There you have it. And this sort of thing has been going on in Duval County for half a century. The Diego Heras affidavit tells but a small part of the story of how the plunderbund operated in one school district during one short period of time. More of the Benavides story can be found in the transcript of the trial of D. C. Chapa, tax assessor and collector for the district. Chapa is now free on bail pending a hearing on his appeal from a five year prison sentence.

Equally enlightening facts can be seen in the official transcript of the trial of B. F. Donald, former cashier of one of Parr's banks put out of business by Shepperd in 1955. Donald, too, recently was given a five year prison sentence for conspiracy to steal Benavides school funds.

It is no wonder that evidence-destroying bonfires blazed like a Fourth of July celebration all over Duval County when Attorney General Shepperd arrived on the scene with a small army of assistants, including State Auditor C. H. Cavness. County records vanished in all directions.

A political boss on plunder bent must have a machine so well armored that no dent can be made in it. But machines grow old and rusty and the engineers sometimes get careless. This happened in Duval. Some of the thick rust crust flaked off, revealing the bright metal of loot beneath. It is no wonder that the Parr machine fought with every legal, and semi-legal, weapon at its command to keep an honest auditor out of the Courthouse in San Diego. It took the full power of the State of Texas thirteen months to put Donato Serna into office in Duval.

The result, according to Attorney General John Ben Shepperd, is the first honest audit of Duval books in more than half a century. And, to quote Shepperd, "Nobody can steal anything else in the county without getting caught."

George B. Parr's two banks, one in San Diego and the other, the Texas State Bank in Alice, Jim Wells County—the bank mentioned by Diego Heras as the depository for funds of the Benavides School District—are both out of business, "In Liquidation" signs posted on the windows.

4-H Vows to Slay Highway Dragon

Local Livestock Raisers Show Great Interest In The Champ

A number of dairy and beef cattle producers in Milam County are currently expressing the desire to attend the San Antonio Livestock Exposition this year between February 8-17.

Attractions already being discussed by those interested in livestock production and trade are the Collins Kids of Columbia, Everett Colborn's Rodeo, the Hendricks Brothers' trained horses, Swede Fuller's golden Labrador retrievers and the 4-H Club-FFA boys calf scramble. Especially of interest to local cattle raisers is the prospect of seeing "The Champ," a giant life-like plastic Hereford Steer currently touring the country in the interest of the cattle industry.

The remarkable exhibit was produced by the Ralston Purina Company who dedicated it to a better understanding of the cattleman's business of producing beef for our nation's people.

Visitors may walk through the giant steer's body and see realistic demonstrations of how feed and roughage are made into beef. People enter the animal by airplane ramps that open out of the neck. Inside, they see how the vital organs of a steer's body work

in the production of beef. They also see demonstrations of how a dairy cow makes milk and how an unborn calf develops from a 30-day to a nine month embryo.

So life-like is the exhibit that the body gives off the sound of the steer's breathing, and the rhythm of his heart beat. It demonstrates how fat and lean meat are distributed through the body, and what part each essential feed ingredient plays.

The Champ stands 12 feet tall, 19 feet long, and nearly eight feet wide. It weighs 4000 pounds without the tractor and trailer. The exterior was built in 29 different parts, then assembled out-of-doors. Leading veterinarians and animal nutritionists assisted in making the interior displays.

Eagle Scout Richard Lee Chappell represents the Boy Scouts of America in the current United States Antarctic Expedition as a junior scientific aide.

The Philmont Scout Ranch near Cimarron, New Mexico, comprising 127,000 acres is the largest scout camp in the world.

National Guard Here Needs Men

National Guard units in this area, including Battery C, 649th Anti-aircraft Artillery Battalion, are making final preparations to launch their annual recruiting drive which is held during February each year, the local organization announced today.

Climax of the drive for new enlistments will come on February 24, which has been designated as muster day. On that day guardsmen will hold brief ceremonies in their armories all over the country to honor George Washington, who was a lieutenant colonel in the colonial militia, the forerunner of the present day guard.

Battery C received five new enlistments during the annual drive last year. Guardsmen here are keeping their fingers crossed, however, as to what effect Secretary of Defense Charles E. Wilson's "draft dodger" remark about the National Guard will have on the recruiting campaign. Wilson caused a furor last week when he stated that he believed many young men joined the guard units during the Korean War to avoid the draft. Whether it will hurt the campaign is anybody's guess, but the consensus is that it didn't make it any easier.

Present army and draft regu-

CARD OF THANKS

We wish to express our sincere thanks to our many friends for their wonderful words and deeds of kindness at the sudden death of our husband, father and brother, Fred Matthews.

Especially do we want to thank Green's Funeral Home, and also the people of Buckholts and South Elm for the food that was brought.

May God bless and keep each of you.

The Matthews Family.

Screen Star Reigns on TV

Way back when silent pictures were the rage, Loretta Young made her acting debut at the age of 4. A star at 14, Oscar award winner in 1948, Loretta made her TV debut in 1953. Once again success came

and carried on animated conversations with everybody. But when production fell behind schedule, a "No Visitors" sign had to be posted. Loretta accepts it, but still deprecates it. You can see her on NBC-TV every Sunday night.

News From Buckholts

Weekend guests in the home of Mr. and Mrs. R. L. Zedlitz were her parents, Mr. and Mrs. E. M. Server, her sister and her husband, Mr. and Mrs. Gene Rose and daughter, Nancy of Rochester. They came to attend funeral services for a relative, Mr. P. D. Server, held Friday afternoon at Friendship.

Mr. and Mrs. Edwin Fischer's guests Sunday included her sister, Mrs. O. J. Wagenfuehr of Temple, and son, O. J. Wagenfuehr III, who is stationed at Fort Hood, her sister and brother-in-law, Mr. and Mrs. Ed Pagel of Yarrington, and the Fischer's daughter, Bernice, who is a student at Temple Junior College.

Mr. and Mrs. Henry Eikenhorst's guests the past week were their daughters, Mrs. Sophia Springer and Mrs. F. G. Raney of Houston. They came to attend their mother who recently returned from a hospital in Cameron.

Mrs. Mary Gilbert who has just returned from a Cameron hospital had as guests Saturday afternoon, Mr. and Mrs. Chester Gilbert and Mr. and Mrs. Newton Gilbert of Austin, Mr. and Mrs. Joe Claude James of the Sharp Community and Miss Emma Meyer and Mrs. S. M. Corley.

Floyd Fritz of South Elm Community was taken to a Temple hospital Friday afternoon where he is receiving treatment.

The Seth Corleys of Cameron were Sunday dinner guests of his parents, Mr. and Mrs. S. M. Corley.

Mr. and Mrs. Ed Pagel's dinner guests Saturday night were Mr. and Mrs. Arthur Steiger and Mrs. L. W. Peoples of Corpus Christi and Mr. and Mrs. Herman Jennings of Ben Arnold.

John R. Meyer of Houston was

a weekend guest of his parents, Mr. and Mrs. J. W. Meyer.

Mr. and Mrs. Tom W. Cochran and daughter, Verlane, spent the past weekend at Fort Worth attending the Fat Stock Show. At the Shows "Grand Entry" Saturday afternoon Verlane rode "Cody Man", Cochran's quarter horse which sold for \$2,650, Saturday to Lionel W. Bevan of Fort Worth by private sale, topping any price in the Fort Worth Fat Stock Show's quarter horse auction.

Mrs. Lee Lock attended a bridal shower for her son's bride-elect, Miss Betty Lou Heinze of Maysfield, at the Maysfield home of Miss Mary Harvewell on Saturday afternoon.

Mr. and Mrs. Dave Fowler were in Temple Thursday afternoon visiting relatives.

Mr. Bud Caddell is reported ill at his home where he is under medical care.

Industrial Arts Class Plays Host

Members of the Cameron P-TA will meet at 7:30 p.m. Thursday, February 7, in the Industrial Arts Building of Yoe High School.

Students in the local Industrial Arts classes will serve as host for the meeting.

The Boy Scouts of America was incorporated at Washington, D. C. February 8, 1910.

Sixty-one free nations have Boy Scouting.

Since 1910 more than 26,000,000 boys and leaders have been active in the Boy Scouts of America.

more and more folks are drinking milk today... to keep trim & healthy

4 glasses a day keep you happy and gay...

Superior

Mommie drinks more milk now-a-days to keep her figure neat and trim.

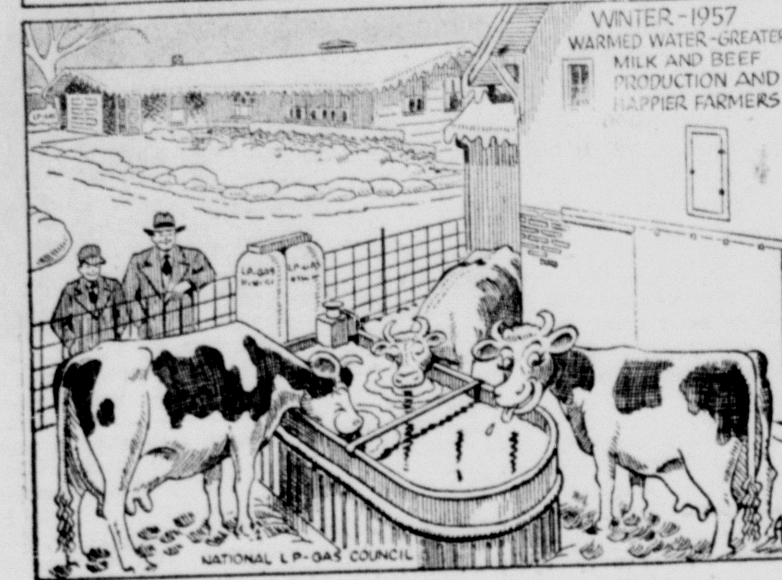

Daddy drinks more milk now-a-days to reduce his bulging waistline.

Sister and Brother drink more milk than ever before... to assure alert minds and healthy bodies.

Yes everyone drinks more milk these days... more Superior Dairies' milk, that is. Central Texans prefer Superior Dairies' milk because it's so wholesome, so nourishing, so taste-satisfying... and because the quality of Superior Dairies' milk is rigidly safeguarded in our own laboratories. From dairy farm to your table... it TASTES BETTER. It's the FINEST QUALITY milk you can buy... bar none.

THE CHANGING SCENE

News From Yarrellton

Due to bad weather and icy roads in Waco last weekend, Church services were cancelled and Bro. Veal didn't come. Bro. and Mrs. Veal filled his regular appointments here Sunday February 3 and were guests in the home of Mr. and Mrs. Euell Russell.

Haley Richerson of Rosebud spent a few days in the Charles Russell home over the weekend and returned home Monday.

Mrs. Bob Varner, Sr., of Houston, returned home last week after a visit in the home of her son, Bob Varner and family.

Mr. and Mrs. Raymond Batla and son, attended the funeral of his uncle at Oker recently.

Mr. and Mrs. Charles E. Russell have returned home after a

visit in the home of Mr. and Mrs. Al Parker and son, Alan Ray in Port Lavaca and with Walter Luck of Magnolia Beach. The Russells were getting acquainted with their new grandson who was born January 17, to Mr. and Mrs. Al L. Parker.

Mrs. Jennie Barrett and Mrs. Deloris Reisinger recently visited with relatives at Bloomington and were dinner guests Tuesday with their sister and family in Lockhart as they were returning home.

Mrs. Ora Griffin visited Mrs. Velma Dobbs Friday.

Mr. and Mrs. Fred Cochran visited sick relatives near Rosebud Sunday.

News From Clarkson

Mr. and Mrs. W. B. Reynolds had as guests Sunday her daughter and family, Mr. and Mrs. LeRoy Kolinek of Taylor.

Mr. and Mrs. Lloyd Stobner of Austin spent the past weekend with her parents, Mr. and Mrs. Walter Kohring.

Jimmy Hawk, student at Sam Houston State Teachers College at Huntsville, spent mid-semester's visiting with his parents, Mr. and Mrs. Joe Hawk and Butch.

Mr. and Mrs. Otto Schulz, Jr., of Temple, were recent guests of his parents, Mr. and Mrs. Otto Schulz.

George Dodd and C. S. Robbins made a trip to Calvert Tuesday. Janice Prosser of Barclay spent Tuesday night with Betty Rae Mayer.

Mr. and Mrs. Bill Harrison and her brother, Bill Reeves, made a business trip to Temple Friday. Mrs. Archie Wilson of Bryan and her daughter, Mrs. W. B. Smith of Houston, visited in the J. A. Blasien home Saturday.

Mr. and Mrs. John Senkel and Mr. and Mrs. Will Senkel of Cameron, Mr. and Mrs. Walter Senkel of Maysfield, Bud Senkel of San Antonio, and Mrs. Max Selder of Corpus Christi, were called here last weekend to be at the bedside

of their mother, Mrs. William Senkel, who was seriously ill, but is reported slightly improved at the time of this writing. All of her children have returned home except for her daughter, Mrs. Selder who is spending the week with her mother, sister and husband, Mr. and Mrs. Otto Schulz. Other visitors in the Schulz home during the week were Mrs. Pete Burgum of the Vogelsang Community, Mr. and Mrs. Bill Stall, Mrs. Fritz Schwarting, Mrs. Lena Luco and Rev. Gerald Cobb all of Ben Arnold and Fritz Senkel of Cameron.

Mr. and Mrs. Jimmy Harrison of Rosebud and Mr. and Mrs. Hubert Skala of Marlin were over night guests of their parents, Mr. and Mrs. Bill Harrison and family recently.

Walter Kohring visited in the home of his sister and husband, Mr. and Mrs. Fred Starnes of Yarrellton, Friday.

Mr. and Mrs. Claude Robbins of Houston spent this weekend with his parents, Mr. and Mrs. C. S. Robbins.

Recent rains have been most welcomed by the farmers. This area received approximately 2 1/2 inches.

News From Sharp

Regular meeting of the Cub Scouts, 123, was held on January 29. Mrs. Henry Abel, chief den mother, made plans with other den mothers for a Blue and Gold Cub Scout banquet to be held for the Cubs and their families on February 13. The January 30 Pack meeting was postponed till February 27. "Eyes of the Sky" was the theme for January. The boys studied the planets and the stars and made viewers with different constellations. Each boy drew a planet, which he will tell about at the next pack meeting.

Lion Cub Scout boys completed making the theater game. Mrs. Nelson Davis served refreshments to 10 boys and seven mothers.

Next meeting of the Cub Scouts will be in the veterans building on February 5 at 3:30 p.m.

First Child Born To John Mayfields

Word has been received here of the birth of a seven pound and five ounce son to Mr. and Mrs. John Franklin Mayfield of San Antonio. Grandparents of the child includes Mr. and Mrs. Jim Gandy of Route 3 in Cameron. Born at 10 p.m. Thursday, January 10, the child has been named John Franklin Mayfield, Jr. The mother is the former Miss Ella Fay Gandy. This is the Mayfield's first child.

The 50,000 campers expected at the Valley Forge National Scout Jamboree in July, 1957, will make it the largest gathering of youth in history.

Announcing a completely new way to control cotton insects...

Seed Treatment with THIMET®

Your young cotton gets "built-in" protection from seed treated with Thimet. Plants themselves kill and keep killing aphids, thrips and mites through first 6 weeks of growth!

Eliminates first 2 to 4 sprays or dusts. Because Thimet is a systemic insecticide, it *grows into* your cotton plants, saves the time, labor and money normally required for first six to seven weeks' spraying or dusting.

Eliminates problem of timing sprays or dusts. No matter *when* thrips, spider mites and aphids strike, your cotton *stays* protected. Even when fields are too muddy for conventional spraying or dusting.

Protects all parts of all plants during critical early weeks. Ordinary sprays or dusts protect only parts of plants covered by insecticide. But because Thimet actually grows into the plant, it protects *every* leaf, *every* stem, right from the start. Plants actually kill insects *before* they can do damage.

Proved in 3 years of testing...1 year of grower use. Thimet was developed by American Cyanamid after years of research and experimentation. It has been successfully tested by state and federal experiment stations throughout the south. Farmers who planted seed treated with Thimet in '56 reported excellent results.

How THIMET® works

Thimet is applied to cotton seed in a specially designed machine. As plant sprouts from treated seed, Thimet is absorbed and sent to *all* parts of plant tissue. Entire plant becomes toxic to insects. After Thimet's job is done, it breaks down, leaves no harmful residues in cotton fibre or seed.

These companies will treat your seed or supply seed treated with THIMET:

Eastern Seed Company
Taft, Texas

Southwest Sprayer & Chemical Co.
Waco, Texas

Rogers Delinted Cottonseed Co.
Waco, Texas

Southwest Agricultural Supply Co.
Rockwall, Texas

25
years of
leadership

How have Morton's Potato Chips grown to be No. 1 in preference and sales on Morton's Silver Anniversary? By always being fresher, crisp, and with big golden-brown whole chips—never a bag of "crumbles." Try them and see!

...people in the southwest
buy more *Morton's* potato chips
than any other brand!

What makes such a big difference in the new kind of Ford?

IT'S LONGER:

Longer than an Eagle Scout's string of badges! This Fairlane 500 Town Victoria, for example, is over 17 feet long. And Custom-size Fords are only a coon's tail shorter... over 16 feet long. Either one you pick brings you far more car for the money.

IT'S LOWER:

Only head high to a cub scout! This new kind of Ford is as much as 4 inches lower. You'll find it easier to get into, more fun to drive.

IT'S ROOMIER:

There's more room inside than in a scoutmaster's tent! That's because of the all-new Inner Ford—with the wide-base frame that lets you sit lower, brings you down closer to the road.

IT'S GOT THUNDERBIRD GO:

You have your choice of a whole new line of mightier V-8 engines* (including the Thunderbird's own V-8). Or choose the Mileage Maker Six (the most powerful, most modern six in its field).

IT'S A FINE CAR:

And it's still at those low Ford prices, too. Why don't you bring your tribe in today and actually Action Test the 1957 Ford? Once you do, you'll agree the '57 Ford makes big a low-priced word!

*Including a Thunderbird 312 Supercharged V-8 that delivers 300 hp and a 270-hp Thunderbird 312 Super V-8.

IT'S FAR MORE FUN TO GO FORD THIS YEAR!

Rains Provide Aid For Farming Needs; More Still Welcome

Final check of rains by official gauges of the Cameron Water Department reveal the January rainfall amounting to 1.32 inches which puts top soil in good condition according to J. D. Moore, Milam County agricultural agent.

However, since this amount is only 53 percent of the average January rainfall of 2.5 inches, the agent also points out the need of still more rain by the subsoil and stock water tanks.

This slow rain being received has been just what small grains need, Moore says, and adds that they "should respond very well if weather doesn't get too cold." He says no damage has been reported.

Rains will improve grazing for stock, but the local FHA office is still issuing emergency grain. Applications only last week were approved for the issuance of 264,200 pounds.

Moore says Milam County truck farmers are "eyeing the calendar now. Reports indicate there will be a shortage of tomato plants in the valley for spring setting. Tomatoes are set as soon as frost danger is over."

Farm activities will increase as a result of the rain, Moore avers.

Hot Rod Club To Be Formed

Billy Slavik, president of the Cameron Hot Rod Club, announces this week that all interested young men in the area should meet at Krenak's Speed Shop at 7:30 p.m. next Thursday, February 7, for the reforming of the club.

At a meeting held last week, club members expressed the desire for the club to develop one "hot rod" for entering into races sponsored by the national association. They expressed the desire to advance their individual ideas in developing racing motors while at the same time not having to endanger others by holding drag races in streets.

Members of the organization place heavy emphasis on the fact that while youngsters will race their vehicles, they are very willing to do so under rules and regulations as laid out by the National Hot Rod Association.

and adds that inquiries are being received by his office in Cameron as to adapted seed varieties.

PEARL BREWERY SALES BREAK 70 YEAR RECORD

Datus E. Proper, Vice-President and General Manager (left); Otto A. Koehler, President and Chairman of the Board; Harry C. Haeglein, Master Brewer; and H. B. "Pat" O'Brien, General Sales Manager, gather to celebrate the Brewery's greatest production and sales record, 904,737 barrels of Pearl Beer sold in 1956.

Pearl Again Sets Texas Beer Sales Record

The 1956 sales of Pearl Beer were the greatest in the Brewery's history, setting an all-time sales record of any beer, any year, ever sold in the State of Texas.

Pearl Beer sales were 904,737 barrels which is in excess of 300 million bottles and cans, equivalent of more than 1,000,000 every business day during 1956.

"In 1954, in 1955, and again last year, Pearl Beer was first in sales among all beers marketed in Texas. The Pearl Brewing Company established a new record in 1956 selling more beer than has ever been sold by any other brewery in the history of this great State," said Datus E. Proper, Vice President and General Manager of the Pearl Brewing Company.

"The increased demand for Pearl Beer in Texas is due to its controlled quality and its consistent good taste," said Otto A. Koehler, President of the Pearl Brewing Company.

For three generations Pearl has been making a Premium Quality Beer at popular price. Our Brewery has five graduate Brewmasters in addition to three technical chemists, who have 24-hour, 7 day a week supervision of the production, aging, and packaging of Pearl Beer. Our 1956 sales expansion program going into New Mexico, parts of Louisiana and Arkansas, was planned on the basis of our 1956 increase in production facilities to 1,300,000 barrels of fully aged beer."

Pat O'Brien, General Sales Manager said: "Our 1957 expansion plans in New Mexico, Louisiana and Arkansas, backed by extensive merchandising and advertising, assures us of continuing to keep the Pearl Brewery the largest Southwest of St. Louis."

Austin Moody, Jr. Born In Mississippi

Mr. and Mrs. Austin R. Moody of Jackson, Mississippi, are the parents of a seven pound and 14 ounces son born at 12:15 a.m. New Year's Day at St. Dominic's Hospital in Jackson.

The New Year's baby was named Austin Randall Moody, Jr., and is apparently the winner of the Jackson Clarion-Ledger's "first baby contest." His father is a freshman medical student at the University of Mississippi.

Mother of the child is the former Thelma Ruth Gandy of Milam County.

42 Leisure Club Holds Regular Meet

Mrs. Henry McLane was hostess to the "42" Leisure Club Thursday, January 24. Guests were Mrs. Jim Crouch, sister of the hostess.

Mrs. Leo Fuchs, president of the club, presided over the business session, with the minutes being read by the secretary, Mrs. P. L. Bergum. The treasurer Mrs. August Kunz gave her report.

The club members voted to continue having "Secret Pals." After the meeting adjourned games of "42" were played with Mesdames August Kunz and John Matyastik holding high score and Mrs. Charles Payne won 84.

The hostess assisted by Mesdames Jim Crouch and John Matyastik served refreshments consisting of congealed salad, cranberries, bread, pickles, potato chips, coffee and cold drinks.

Reportable Diseases

Three cases of pneumonia are listed in the weekly report released by Dr. John B. Bryson, director of the Milam County Health Unit, last Saturday, Feb. 2.

Other reportable diseases on the list include 10 of strep throat, two of measles and one of syphilis.

Marked For Death

A powerful lobby has indicated that in 1957 it will conduct an all-out campaign to enact legislation that would cripple practically all private businesses along our roads. Service stations, motels, restaurants and other businesses that provide necessary services to motorists would be legislated out of existence if this lobby succeeds in getting only government-controlled business along all new roads built with federal funds. Should this attempt fail, the lobby will demand legislation that would severely limit the right of these roadside businesses to promote their services, thereby forcing them out of business. This would eliminate private business and the taxes they pay; then they would be replaced by government-controlled monopolies that cost the public more to patronize and would pay no taxes.

Herman Hanel Proud Parents Of Child

Stephen Kent, weighing seven pounds and 12 ounces was born to Mr. and Mrs. Herman Hanel on Friday, January 18, at 2:31 a.m. in St. Edwards Hospital in Cameron.

Welcoming their little brother are Sharon, 7; Marilyn, 5, and Martha, 3.

Grandparents are Mr. and Mrs. O. B. Powell and Mr. and Mrs. Frank Hanel, all of Cameron.

Andrea Matula Makes Debut In Cameron

Mr. and Mrs. Felix Matula, Jr., are the proud parents of a little daughter born at 9:45 p.m. Saturday, January 26, at St. Edwards Hospital in Cameron.

Weighing eight pounds and two ounces the child was named Andrea.

Welcoming little Andrea is one brother, Danny, 6. Grandparents are Mr. and Mrs. Felix Matula, Sr., of Cameron.

Belton Couple Wedding Held Here

Doy Astor Thompson and Gertrude Paggenberg, both of Belton, were married at 4:30 p.m. Wednesday, January 30, in Judge B. G. Rice's court here in Cameron.

Louis Butt of the Maysfield Community made a call upon the court and was an unexpected witness of the two observing the marriage ceremony.

The University of Texas has played 71 consecutive football games without having a punt blocked. The last misfire came in the opening game of 1956 with Texas Tech. Two weeks later the failure to get off a punt against Oklahoma probably cost Texas the national title, however.

A Tribute To - - Service Station Attendants!

We single out today a public servant who rarely, if ever, gets a hand from those he serves. The Man at the Pump. The cheerful, Johnny-on-the-spot Filling Station Attendant. His place is like an oasis on the desert. It brings refreshment and renewed vigor to your tireless motor car. Gas, oil, water, air; these are the commodities the Service Man sells; these are the essentials your car must have. When you drive into a service station, bear in mind that the Man at the Pump is a friend, maybe a neighbor, a good guy to know. All hail these ever-ready boys in white!

News From Jones Prairie

A group of young people from Baylor University had charge of the program at Little River Baptist Church Sunday evening. Rev. Jack Yelvington brought the evening message and Dick Yaner had charge of the music. Miss Shirley Lynch was a guest. Refreshments were served at the close of the service.

Mr. and Mrs. T. B. Stidham were Sunday afternoon guests of Mr. and Mrs. Grady Stidham in Cameron.

Visitors of Mr. and Mrs. Clarence Crook Saturday evening were Mr. and Mrs. Ray Tucker and daughter, Linda, and Mr. and Mrs. Bill Becker and granddaughter, Ray Nell.

Mrs. A. L. Burnett is visiting her children in Freeport.

Mrs. J. A. McKinney and Miss Ethel McKinney were Sunday dinner guests of Mrs. E. A. Flinn in Cameron.

Mrs. Paul Arnold and son, Van of Brownwood, visited her mother, Mrs. S. S. Hickman, during the weekend.

Mr. and Mrs. Leland Burnett and daughter, Carolyn of Rockdale, attended Church services Sunday and were dinner guests of his parents, Mr. and Mrs. W. B. Burnett.

Mrs. Joyce Martin and children, Peggy and Rock of Austin, visited her parents, Mr. and Mrs. Bill Thweatt, over the weekend.

Mr. and Mrs. H. P. McKinney were Friday afternoon guests of Mr. and Mrs. H. V. Harlan in Branchville.

Capt. Folly Atkinson of Fort Sam Houston and M-Sgt. and Mrs. John Atkinson of Randolph Field AFB were weekend guests of their

Cameron Persons Attend Funeral

Final rites were held for Mrs. Albertine Anderle, 90, on January 14 from St. Mary's Catholic Church in Windthorst, where she had lived for the past 50 years. Interment was in Scotland Cemetery.

A resident of Cameron before moving to Archer County, Mrs. Albertine was born in Bernhart, Austria, on October 11, 1866. She died January 12 in the Archer Hospital.

Rosary was recited at 8:30 p.m. Saturday, January 12, by the Rev. Cyril Lange of the Windthorst Church and on Sunday at 7:30 p.m. by the Rev. William Vonk, pastor of St. Boniface Church of Scotland. Rev. Vonk also officiated at the Mass and burial.

She is survived by two daughters, Mrs. A. A. Frerich of Wichita Falls and Mrs. Frank Hilbers of Windthorst; five sons, Willie and Albert of Cameron, Otto and Eugene of Windthorst; one sister, Mrs. Frances Hertenberger of Cameron; three brothers, Frank Klement of Texarkana and Joe and Ernest Klement of Cameron, 34 grandchildren and 72 great-grandchildren.

She is also survived by Marie, Jane and Richard Schwab, all of whom she raised after they were left motherless at the time Marie was two weeks old.

Cameron persons attending the funeral services were Willie Anderle, Mr. and Mrs. Albert Anderle, Anton Anderle, Walter Anderle, Mrs. Josnise Bauer, Mrs. Joe Krull, Mrs. Adolph Richter, Mrs. Bill Richter, Mrs. Frances Hertenberger, Frank Winkler, Joe Winkler, Frank Walzel and Leo Morrey.

Each year more than 14,000 Boy Scouts attain the coveted Eagle Scout rank.

Yoemen Losing Streak Gains

Gremlins straddled the Yoemen here last Tuesday night as members of the local cage team had trouble in sinking buckets. The Yoemen lost to Killen by the score 96-42 and never threatened the visiting five.

Killen's team, which is in the top bracket of District 9-AAA, led at the end of the first period by the score of 27-11 and continued to widen their lead throughout the remainder of the game.

Top man in the scoring for the Yoemen was Ray Green with 16 points and Gene Hillman was close on his heels with 12 points. High point man for the game was Killen's Fickel with 29 points.

Yoe's "B" string lost the preliminary round to visiting Killen "B" cagers by the score of 49-27.

Yoemen thinly-clads gave a far-better showing last Friday night as they again proved they were at top form following time on the road. They made a fast trip to Stephenville and were nosed out by the host cagers by the score of 66-58.

In this game, Hillman was top scorer of the game with 25 points which as of that time ranked him with the top sharpshooters in the district.

"B" players from Yoe fell before the Stephenville "B" team by the score of 56-33.

Milam Native Dies In Houston

Mrs. Alice Elizabeth Lockhart, 74, died on Thursday, January 24, at St. Joseph Hospital in Houston. Funeral services were held at 2 p.m. Saturday, January 26, at the Gause Baptist Church.

The Revs. J. Frank Fort and Bob Fulmer officiated. Burial was in the Gause cemetery.

Born in Milam County to Florence and Tom Angel on August 10, 1882, Mrs. Lockhart was a Houston resident since 1936 and a member of the Oldham Memorial Baptist Church. At the age of 18, she married the late James B. Lockhart on May 19, 1900.

There were 11 children born to this marriage. Nine of these children survive. They are six daughters, Mrs. Oris Partridge of Gause, Mrs. E. H. Alexander of Houston, Mrs. Forest C. Grimes of Colesburg, Iowa, Mrs. W. C. Fendley of Houston, Mrs. C. M. Walker of Houston and Mrs. Ann Houston of Houston, and three sons, James B. of Houston, Marvin of Victoria and Curtis Lockhart of Washington, D. C.

She is also survived by two stepdaughters, Mrs. Roy Crouch of Gause and Mrs. Dewey Evans of Fort Worth; 27 grandchildren and 19 great-grandchildren.

Pallbearers were Joe Moore, L. S. Cunningham, J. A. Ely, W. L. Ditto, Roy Marsh and Vernon Medlenka.

Boulevard Funeral Home of Houston was in charge of the arrangements.

Churches of all denominations sponsor nearly half of America's 111,000 Scout units.

There are 272,000 women serving as den mothers in the Cub Scout program.

Baseball for Rockdale High School players and those participating in summer recreational activities will be played under lights.

Members of the Rockdale school board have made arrangements for purchase of 104 floodlights. These lights will be placed on eight poles around the baseball field, which will have a depth of 310 feet along the left field foul line and 300 feet in right.

Work is complete except for installation of the lights themselves.

Revival Being Held At Gospel Tabernacle

Gospel Tabernacle revival services are entering into the second week with 19-year old evangelist, Douglas Springer, of Rockdale preaching.

Revival services began January 27 with various ministers participating. Large crowds are attending the services at the Gospel Tabernacle and the pastor, Rev. H. M. Bowley, extends a cordial invitation to the public.

THIS JERSEY HEIFER is owned by Henrietta Richter, daughter of Mr. and Mrs. Henry Richter of Cameron. The heifer was purchased from the Joe Carrington Farms of Austin, Texas. It will be shown in the Milam County Livestock Show on February 16, 1957.

Green Funeral Home Bowlers Lead Women's Bowling League

Bowlers of the Green Funeral Home in the Cameron Women's League during the January 28 and 31 matches were high for single games with 614 pins. Woodum Auto Sales and Vaculin Service Station teams were second and third in this rating respectively with 576 and 530 pins.

High three-game series also went to the Green Funeral Home keggers with 1692 while Woodum Auto Sales was second with 1527 and National Hall Club third with 1479.

Annie Schattle, a substitute bowler for the Green Funeral Home team, rolled the high individual single game score with 182.

She was followed by Muriel Mosopust, substitute on the Woodum team, with 175 and Veronica Michalka with Green Funeral

Home with 171. The later was also winner of the high individual three-game series with 463. Second and third in this rating were taken by Ida Michalka with 461 and Muriel Mosopust with 451.

Only one turkey was taken in this series of games. Irene Mees rolled the turkey (three strikes in a row.)

Spiffs picked up during last week's bowling were M. Zovodny, 2-7-10; E. Crider, 5-6-10; M. Mosopust, 3-10 and 5-6; V. Koenig and Frieda Anderle, the 4-5 each; M. Hollas and V. Michalka, each with a 3-10; D. Dillon, 2-7, and C. Humplik, 4-7.

Muriel Mosopust picked up the most spares in one game with nine while Mrs. Anna Slama and Emolou Curtis tied for the lowest in single games.

Former Cameron Man Promoted

Virgil Lake, formerly of Cameron and son of Mr. and Mrs. Will Lake of Cameron, has been appointed store manager of the new Danburg Department Store in Victoria.

Lake is a graduate of the Yoe High School in Cameron. He goes to Victoria from one of the company's stores in Houston.

Concerning his appointment as manager of the new store, Stanley Danburg, executive head of the company, said, "Mr. Lake has been with the company for three years, and we feel that he can do a fine job as well as make Victoria an outstanding citizen."

"Our heartiest congratulations go out to him in his new undertaking. It is expected that he will probably move to Victoria sometime in February."

Donald M. Rose Receives Honors

Donald M. Rose, 1954 Yoe High School graduate and son of Mr. and Mrs. Carl Rose of Cameron, has been tapped as a member of Texas Omicron Chapter of Alpha Chi Society at Sam Houston State Teachers' College at Huntsville.

A junior majoring in accounting, Rose is also business manager of the Pioneer Roundup Association and a member of the board of directors of the Circle K Club.

Team standings at the end of last week's play follow.
